*Rules to regulate the management of the forest and waste lands within Salar estate, Vengalpet district.*

Under the powers vested in him by section 35 of the Madras Forest Act V of 1902, His Excellency the Governor in Council is pleased to make the following rules to regulate the management of the forest and waste lands in the Salar estate. These rules are subject to all rights now legally vested in individuals and communities:—

I. Land at the disposal of the estate may, for the purposes of these rules, be classed as follows:—

- (a) Reserved land—(b) Unreserved land.

II. Reserved land includes all lands notified under the next following rule III. Land at the disposal of the estate which is not set apart as "reserved land" will be held to be "unreserved land."

III. Subject to the sanction of the Board of Revenue, the Collector may, by order in writing to be duly entered in the District Gazette, select any area within the said estate and

may constitute a "reserved land." Upon the limits of any such area being notified in the District Gazette, it shall be unlawful for any person to cut, saw, convert or remove trees or timber and to collect and remove natural produce within such area unless he is authorized to do so by the estate manager or by some one duly authorized by him to grant such permission.

IV. On reserved lands no felling of timber shall be made for cultivation or for any other purpose unless a path or lease has first been obtained from the Forest officer. The Forest officer is also authorized to lease out any "reserved land" for such periods and subject to such conditions as he may consider necessary.

V. On all reserved land in any village the growing of cattle, the cutting of grass, the collection of dry wood, thorns, leaves of trees, and shrubs that are not reserved, and the felling of trees other than those included in the lists of reserved trees, will be permitted free of charge provided that the grass, wood, thorns, leaves or trees are required by the inhabitants of that or of neighbouring villages for agricultural or domestic purposes. Heads of villages will be held responsible for seeing that the above privileges are not abused and in the case of dispute the Collector will decide which are neighbouring villages within the meaning of this rule.

VI. The Collector may, by order in writing to be duly notified in the District Gazette, select any areas within the reserved lands, and may condition that said or better reserves or grazing grounds, or may direct them to be placed under special fire-protection. Upon the limits of these areas being notified in the District Gazette, it shall be unlawful for any person wilfully or negligently to set fire to any trees, to timber, grass or other forest produce or to kindle or to keep burning any fire or to graze cattle or to permit cattle to trespass within such areas, except at such places and subject to such conditions as may be prescribed by the Collector by notification in the District Gazette.

VII. Trees of the following species are reserved trees, whenever found, whether upon reserved or unreserved lands, and such trees shall not unreasonably be felled or otherwise interfered with except on permit given by the Forest or other authorized officials of the estate on such conditions as may be notified from time to time by the Collector in the District Gazette.

Subject to the sanction of the Board of Revenue, the Collector may, by order in writing to be duly notified in the District Gazette, modify or add to the list of reserved trees from time to time as he thinks fit.
